

Stephen Brooks Equine Veterinary Practice

AI packages for mares at livery yards

These packages have been developed by Stephen Brooks Equine Veterinary Practice to cover the veterinary costs of getting your mare pregnant and to help with budgeting.

All packages include the following procedures:-

- Clitoral/endometrial swab procedure and smear if required
- All routine gynaecological examinations and drugs to ensure insemination is performed at the optimal time
- Negotiation with stud for semen delivery. Storage of frozen semen for 12mths.
- Examination of sperm at time of AI to check motility
- Insemination procedure and disposables
- Ultrasound pregnancy examinations at 15, 28 and 45 days
- Twin management procedure at 15 days only.

These packages will not include any visit fees, external lab fees (ie culture of swabs), treatment of endometritis/uterine contamination or uterine fluid accumulation (such as uterine flushes, antimicrobials, oxytocin therapy), caslick's procedure, any other procedures/treatments not specified as being included in the package as outlined above. Packages are not transferable to the following season. The package does not include any semen transport or collection costs, accommodation costs or the stud fee.

FOR COMPLETION BY THE MARE OWNER / AGENT:

Registered Name of Mare:

Stable Name:

I understand that the fees for Individual Fresh/Chilled and Frozen Semen Packages are payable **PER CYCLE** at the stated amounts. I confirm I have read and understand exactly what procedures are and are not covered by the Artificial Insemination Packages and I will be liable to pay additional fees for any procedures required which are not included in the package. By selecting a package, I understand that I am only committing to the first cycle for each package. If the first cycle is unsuccessful if I wish to continue with a second/third cycle, I will be charged accordingly at that stage. Stephen Brooks Equine Veterinary Practice takes no responsibility for semen supplied which is: incorrectly labelled, arrives with incorrect paper work and in an unsuitable condition upon arrival. Similarly Stephen Brooks Equine Veterinary Practice is not responsible for the failure of semen to arrive on time. I understand that in the case of semen not arriving or being unsuitable I am still liable to pay for any procedures carried out up to that time.

I also understand that payment is to be made for the selected Stud Package **BEFORE** any gynaecological work begins and that Stephen Brooks Equine Veterinary Practice reserves the right to delay commencement of the work if payment is not received when due. I confirm that I accept these terms for the selected Stud Package.
